

ACHIEVO

A Productivity WebApp

Women EngineersTalentSprint

21/06/2023

Team Members

- ▶ Nidhi Iyer
- ▶ Khyati Satija
- ▶ Pankhuri Asthana
- ▶ Srinayana Mandalapu
- ▶ Anushka Shankar

- ▶ A user - centric web app
- ▶ Focusses on the user's productivity, motivation
- ▶ Salient features: pomodoro timer, to-do list, etc.
- ▶ Beats distractions

Problem Statement

- ▶ Can't stay focussed for longer durations
- ▶ Consistency and motivation doesn't last long
- ▶ Hampered productivity due to social media

- ▶ Soughts to increase the focus levels and attention span of the user
- ▶ It provides effective tried and tested techniques such as the Eisenhower matrix, 1-3-5 rule etc.
- ▶ It acts as a virtual accountability partner and helps the user to get their tasks accomplished

Features

- ▶ Pomodoro Technique
- ▶ To-Do list (1-3-5 rule)
- ▶ Eisenhower matrix
- ▶ Milestone Setting
- ▶ Fill the Container
- ▶ Reward based point system
- ▶ Productivity tracker

Future Prospects

- ▶ Group and Global Leaderboards
- ▶ The Motivating Spinning Wheel
- ▶ The Good Scroll
- ▶ Marathon Mode
- ▶ The-Hour-Rule
- ▶ Dilemma

Objectives

- ▶ To explore various technologies via the process
- ▶ Enhance our learning.
- ▶ Gain insights into how such features work.
- ▶ To implement and deploy our learnings and knowledge into realising our web-app
- ▶ To deploy the app which provides a real-time solution to the raised issue.

Work Done

- ▶ Created Git Repository
- ▶ Decided the tech stack
- ▶ Made Weekly Plans upto 2 months
- ▶ Discussed a rough idea of visual frame-work.
- ▶ Learned Sphinx for Docs and Latex for ppt

Tech Stack

Figure:
RESTful APIs

Figure:
Deployment

Unique Selling Proposition:

- ▶ Unmatched range of productivity features
- ▶ Utilizes user statistics for performance comparison
- ▶ Multiple productivity features
- ▶ Gamification of the work by leveraging reward based human psychology

Target Audience

- ▶ School and college students
- ▶ Competitive Exam Candidates
- ▶ Working professionals of all age groups

Hence, 'ACHIEVO'
